

FACILITATOR ANNUAL COMMITMENT STATEMENT

As a recognized Kansas Math Project (KMP) Facilitator, I pledge to:

1. Obtain approval from my building administrator and district-level representative prior to pursuing KMP Facilitator Training.
2. Solely deliver and implement KMP training along with other officially recognized KMP Facilitators. Those persons providing implementation support (e.g., conducting walkthroughs for evidence of implementation) need to have completed in-person Foundation Modules A-E.
3. Withhold facilitator-level access to the KMP website to those not designated as Recognized Facilitators.
4. Monitor the fidelity of implementation through direct observation and completion of the KMP fidelity checklist.
5. Strictly adhere to the program's design, content, materials and delivery methods as intended by its developers in order to ensure consistent and intentional utilization. This includes:
 - a. Adhering to recommended duration of module training times
 - b. Utilizing KMP authorized resources and providing clear guidelines for implementation
 - c. Ensure timely assessment of participants' learning on Moodle within the district's implementation framework
6. Make no modifications to KMP-branded presentation slides. I may, however, relate explicit connections between existing district resources (e.g., practices, strategies, curriculum) to ideas or resources within the Kansas Math Project. This may take the form of developing additional non KMP-branded slides or supplementary activities within the training. **All presentation and activity materials require submission for approval at least two weeks prior to the event date.**
7. Provide dates, times and locations for all KMP trainings via the KMP shared master calendar.
8. Be observed by any KMP Team member at any time and location to celebrate progress, offer support and maintain implementation fidelity of the Kansas Math Project.
9. Annually complete one KMP grade-band module and the associated assessment(s), earning the completion certificate. Upload the certificate of completion onto the KMP Facilitator website by August 1st of each academic year, and attend any update sessions provided through the KMP Team.

By signing this commitment, I agree to uphold these principles to ensure KMP is delivered as intended, maximizing its effectiveness and potential for positive outcomes. I understand that my status as a Recognized KMP Facilitator is contingent upon full adherence to the terms and conditions of the KMP Facilitator Commitment. Failure to comply with these terms will result in the immediate revocation of your Recognized KMP Facilitator status and the loss of access to all associated online resources and materials. We truly value your participation and are here to support your success as part of the KMP community!
